The Problem

- **The Problem**

- Accessibility barriers, limited education and guidance
- Existing tools: Outdated, unaesthetic and pathless

- **Why It Matters**

- OSA is widely underdiagnosed
- Limited knowledge among healthcare professionals.
- It allows us to step in before the problem gets worse
- Reach out to those at high risk, provide trustworthy information, helpful tips
- Offers Directing to available care
- Need for simple and senior-friendly

The Solution

WEBSITE

- A digital, simplified and elderly friendly solution
- For **patients and healthcare providers**
- Easy-to-interface (**large fonts, few steps**)
- **Guidance** for patients toward information and help

Target Market

Elderlies

- Increased **age is risk factor**:
 - Risk of OSA is elevated in people over 50 and peaks in their 60s and 70s
- Need easy-to-use, accessible screening tools

Co-funded by
the European Union

eSleep_dHealth

Market Opportunity

1. OSA is underdiagnosed (80% moderate-to-severe cases undiagnosed)
2. OSA prevalence: billion people worldwide
3. Awareness gap
4. Seniors more receptive to online platforms for education/guidance/screening

Business Model

How will we generate revenue?

- **Freemium model:** free education + paid premium features (tracking, reminders, expert content)
- **Provider partnerships:** clinics & sleep centers use platform for patient education & referrals

Go-to-Market Strategy

How We Will Reach and Acquire Customers?

Competitor Analysis

- Multiple questionnaires exist (e.g., STOP-Bang) → BUT:

- Text-heavy, confusing for seniors
- No clear follow-up guidance

- What makes us different?

- Senior-friendly design (clear, accessible, aesthetic)
- Guided pathways to care, not just a score
- Provide education through **PODCASTS**
- Voice [accessibility](#)

Financials & Funding Ask

1-2 Year Plan

- Year 1 – Build & Pilot
- Year 2 – Grow & Scale

Funding Need

- Year 1: \$20k (launch, pilots, marketing)
- Year 2: \$300M (scaling, partnerships, global reach)

Closing: Why now?

Billion people suffer from sleep apnea — 80% undiagnosed

Digital health adoption is accelerating — patients are ready for trusted, accessible solutions!

Behind the statistics are real people losing sleep, health, and quality of life.

Together, we can help millions breathe easier, sleep better, and live longer!
